OFFICE OF THE PRESIDENT

(212) 285-3378

June 3, 1980

Admiral Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner:

It was truly an extraordinary day for us at Pace in Pleasantville/Briarcliff. Your presence added immeasurably to the importance and dignity of the occasion, and your address clearly was a significant one which drew a tremendous response from our students and faculty. I think you know that you will receive a similar welcome whenever you return to Pace for your presence and your address will be a lasting one.

I am especially delighted to have had the opportunity to meet you and to know you on a personal basis. All of us at Pace are grateful to you for taking time from a busy schedule and for making a major contribution toward a wonderfully successful commencement exercise. I look forward to the opportunity to visit you when I am in Washington and hope that that may be possible in the near future.

Again, my thanks to you and a warm welcome into the honorary alumni of Pace University.

Sincerely,

Edward J. Mortola
President
